

maxIT Healthcare and E-Hospital Consulting Announce Merger

INDIANAPOLIS, INDIANA, SEPTEMBER 5, 2008 — maxIT Healthcare (Westfield, IN) and E-Hospital Consulting (Bangs, TX) announced today that they have entered into a definitive agreement, under which the companies will be combined as maxIT Healthcare.

The combined company with distinguished complementary capabilities is now in a position to extend its reach throughout the healthcare IT professional staffing solutions market.

The Meditech subject matter expertise throughout the two entities has expanded to support a broader portfolio of healthcare IT consulting services. maxIT Healthcare will continue to focus on its full range of healthcare enterprise software support to hospitals and healthcare providers, and aggressively grow its Meditech practice.

“maxIT Healthcare is one of the most recognized healthcare IT service delivery partners, with over 277 consultants, consisting of diverse skill sets, a leading enterprise integration practice, and well entrenched sales organization throughout the United States. These two distinct brands are now one, providing us the ability to accelerate our rapid growth plans,” said Parker Hinshaw, CEO and Founding Partner, maxIT Healthcare.” This combination is the next logical step for both organizations to provide value to maxIT Healthcare’s joint customer base,” said Mr. Hinshaw.

“We are excited for the many opportunities that an E-Hospital Consulting and maxIT Healthcare combination will provide our clients; the combined company will be better positioned to compete effectively within the continually expanding healthcare IT market. We look forward to sharing the benefits of the exciting new growth opportunities this combination will provide for all of our stakeholders,” said Jack Walker, CEO of e-Hospital Consulting.
