

Meaningful Use Requires
Meaningful Assistance™

Maximizing IT Outcomes

Management Consulting

Management Consulting Expertise

The next few years will bring unprecedented opportunity and challenges for the healthcare industry to take quality and safety to the next level - while at the same time reducing costs and improving efficiency and effectiveness. Information technology will be crucial to success in this environment. To assist our clients in taking their performance to the next level, maxIT offers Management Consulting services designed to improve clinical, financial, operational, and IT outcomes.

Meaningful Use Requires Meaningful Assistance™

maxIT is much more than a typical IT consulting firm. We have a deep, practical understanding of the processes and pitfalls related to Meaningful Use, and have provided “Meaningful Assistance” to more than 450 clients nationwide. Our consultants average 19 years of experience in both clinical and IT areas, and have in-depth knowledge of healthcare operations and clinical workflows. Meaningful Assistance from maxIT is senior consultants who deliver immediate value, a clear roadmap to client success, an ability to scale to meet project needs, and results at reasonable rates.

Meaningful Assistance from maxIT

maxIT Healthcare is one of the leading and fastest growing providers of healthcare IT professional services. In fact, more than 450 healthcare organizations, including academic medical centers, multi-hospital systems, and physician practices have trusted maxIT to deliver improved outcomes driven by information technology. maxIT invests heavily in collaboration tools, methodology, and the capture of knowledge to ensure that the best ideas across the firm are brought to each engagement. In addition, we provide tailored solutions that are implemented rapidly and with positive outcomes, to assist providers in achieving their business goals, and improving patient safety and quality of care. This proven experience, a relentless focus on client success, and the in-depth knowledge of over 600 consultants, positions maxIT as the perfect partner for IT strategy, process redesign, or complex project management needs.
