

Corporate Fact Sheet

Maximizing IT Outcomes

Senior IT Consultants	Value Added Partner	Focused Only on Healthcare
-----------------------	---------------------	----------------------------

Overview:

maxIT Healthcare is a Westfield, Indiana based, privately held IT consulting firm with a demonstrated track record of providing critical IT support for clinical and financial applications to the healthcare industry. maxIT was founded in 2001, and since that time employs over 300 IT consultants and serves healthcare clients in over 43 states. Expertise in all major HIS/EMR, ERP and Payer software applications and results-based Radiology and Cardiology services.

Client Criteria:

- Healthcare organizations including major clinics, community hospitals, physician hospitals, multi-hospital systems, and payer groups implementing advanced clinical and financial software
- Non-profit and for-profit healthcare organization of all sizes considered

Our Difference:

- Senior IT consultants with an average of 19 years both clinical and IT experience
- Complement our client's front-line personnel with added resources and management where necessary
- Known for our ability to work well with vendors, other consultants and clients alike, no agenda other than the success of the project
- Our ability to identify and attract quality consultants sets us apart from the competition

Why Work With Us:

- Win-Win scenarios—our clients 'win' by getting great value for their consulting dollar. Our consultants 'win' by being invited back by the client
- Value pricing—due to our unique model we average 30% less than other consulting firms
- Reduced ramp up time—our highly experienced consultants "hit the ground running"
