

Meaningful Use Requires
Meaningful Assistance™

Maximizing IT Outcomes

maxIT Executive Summary

Overview

Founded in 2001, maxIT Healthcare is a privately held IT consulting firm with a demonstrated track record of providing critical IT support for clinical and financial applications to the healthcare industry. In fact, more than 400 healthcare organizations, including academic medical centers, multi-hospital systems, physician practices, and payer organizations have trusted maxIT to deliver improved outcomes driven by information technology. This proven experience, a relentless focus on client success, and the knowledge of over 350 consultants, positions maxIT as the perfect partner for IT strategy, deployment and staffing. maxIT has expertise in a broad variety of practice areas, including:

- HIS/EMR Systems
- ERP Systems
- Payer Systems
- Radiology and Cardiology Imaging Services
- Management Consulting

maxIT Services

In each of these areas, our hands-on working knowledge of healthcare operations and workflows, along with our recognized expertise in all major healthcare software applications, put maxIT in a unique position to fulfill nearly any IT strategy, deployment or staffing need. Our engagements typically include the functional and technical areas of:

- System Implementations and Upgrades
- Application Training and Optimization
- Meaningful Use Assessments/Roadmaps
- Process Redesign
- System Conversions, Interfaces and Integrations
- Project Planning and Strategic Advice
- On-going Application Support
- Interim Senior Management
- Project Management
- Business Intelligence and Reporting
- Revenue Cycle Management
- Assessments and Remediation Plans
- Clinical Transformation, Adoption and CPOE

Industry Partnerships
